

Back to Church

Each September the Church marks the month as 'back to Church' month, but I feel that it should be 'welcome back to Church' or 'come back to Church and you'll be in a very welcoming place' month!! I'd always gone to church as a child to Sunday school and then later as a Pathfinder, but as I grew up I drifted away. Moving here into the village with a young family I felt that I wanted to go back, but was slightly hesitant to do so. Courage in both hands I eventually went up to Fryerning Church and felt very welcomed. Time went on and I went to church down in the village with my children for various school services and I was more at ease. Now I go every week, thoroughly enjoy my time spent in church, have become part of the welcoming team and feel that I'm definitely part of the 'church family'. So, "you'll never know until you give it a try"; come any Sunday, not just a Sunday in September and then you can see for yourself how easy it is to 'come back'.
