Friday 22nd September 2017

Dear Parents/Carers,

It has been an enjoyable and productive week in school with the children getting more involved in their learning. Throughout the week the children have been exploring their topics in greater depth and applying themselves in a positive way.

At the beginning of the week it was wonderful to see Years 5 and 6 working together in small groups filming and creating a video as part of their work in instructional writing in English. It was also great to see Class Spain producing different shapes and routines in gymnastics.

Class India was busy exploring solids, liquids and gases in science. The children were sharing their own ideas about this area and I talked to Ewan McNab who was able to explain what he had learnt. It was also a pleasure to see Class France working together in the computer suite to develop their understanding of the system and different computer programs.

On Wednesday I was really pleased to receive a visit from Martha Dey in Class Mexico who came to show me her wonderful writing about a gymnast with special powers. I enjoyed reading her story, especially the adventurous language she used and the interesting cliff hanger she ended her story with. Class Norway impressed me with the way they were developing their netball skills and learning to shoot with accuracy. It was excellent to see Class Brazil using charcoal and pastels during art to create wonderful observational drawings. Alex Rampaul impressed me when he came to show me his maths work. I really liked the way he explained his work and the depth he was taking his learning when exploring negative numbers.

Throughout the week it has been good to see all the clubs up and running and finding out how the children have been enjoying taking part. There are still a few places left in a number of clubs, so if you are looking to try out something new, please pop into the office and find out what is available.

Yesterday after school our football team played a friendly match, away at Shenfield St. Mary's. The team played well at times and created a lot of good chances, but just couldn't find the back of the net. This was our first match of the season and it proved to be a tough opening game, which Shenfield won.

Next Friday Class Brazil will be leading our class assembly at 9.05am, before setting up and hosting a coffee morning to support the wonderful work of the MacMillan charity. They would really appreciate it if you were able to bake or donate cakes for this event in order to sell on the day. Then if you are free between 9.30am and 11.15am they would love for you to come and join us for tea, coffee, juice and cake on Friday 29th September. Each class will also be visiting the event during the morning, so please come along and bring a friend, grandparent or other family members. Then in the evening the PTA will be inviting all the children back to school for their first film night of the year. These are always an enjoyable occasion so look out for further information.

I hope you have a fantastic weekend, enjoy the weather and try and pop along to Ingatestone Church tomorrow between 10.30am and 2pm for a free BBQ, live music and Teddy Bear Abseil. I know Revd. Patrick and the team would be delighted to welcome you at this enjoyable family event.

Neil Taggart
